## YTK-300

### Specifications:

- Bluetooth V3.0
- Bluetooth profile: HFP/HSP/A2DP/AVRCP
- Up to 10 meters in working distance (open space)
- Waterproof : IPX4-certified to operate in wet conditions like rain or poolside or even bathroom when shower
- Supports audio line-in for non-Bluetooth
- Supports audio line-out with 1 or more non-Bluetooth or Bluetooth devices.
- Supports caller ID reader when incoming call.
- Multipoint: Supports 2 phones connection
- Talk time: up to 100 hours.
- Music playback time: up to 5 hours when volume maximum (up to 20 hours when volume moderate at 1KHz audio signal)
- Product dimension: 170X 56 X 56mm
- Weight: 500g

## YTK-301

### Specifications:

- Bluetooth V3.0
- Bluetooth profile: HFP/HSP/A2DP/AVRCP
- Up to 10 meters in working distance (open space)
- Supports audio line-in for non-Bluetooth
- Supports audio line-out with 1 or more non-Bluetooth or Bluetooth devices.
- Supports caller ID reader when incoming call.
- Multipoint: Supports 2 phones connection
- Talk time: up to 10 hours.
- Music playback time: up to 5 hours when volume maximum (up to 10 hours when volume moderate at 1KHz audio signal)
- Product dimension: 50X 60 mm
- Weight: 230g

## YTK-302

### Specifications:

- Bluetooth V3.0
- Bluetooth profile: HFP/HSP/A2DP/AVRCP
- Up to 10 meters in working distance (open space)
- Supports audio line-in for non-Bluetooth
- Supports audio line-out with 1 or more non-Bluetooth or Bluetooth devices.
- Supports caller ID reader when incoming call.
- Multipoint: Supports 2 phones connection
- Talk time: up to 5 hours.
- Music playback time: up to 2 hours when volume maximum (up to 5 hours when volume moderate at 1KHz audio signal)
- Product dimension: 85 X 43mm
- Weight: 180g

## YTK-303

### Specifications:

- Bluetooth V3.0
- Bluetooth profile: HFP/HSP/A2DP/AVRCP
- Up to 10 meters in working distance (open space)
- Supports audio line-in for non-Bluetooth
- Supports audio line-out with 1 or more non-Bluetooth or Bluetooth devices.
- Supports caller ID reader when incoming call.
- Multipoint: Supports 2 phones connection
- Talk time: up to 10 hours.
- Music playback time: up to 2 hours when volume maximum (up to 5 hours when volume moderate at 1KHz audio signal)
- Product dimension: 80X 45 mm
- Weight: 192g

# Professional Manufacture of Portable Bluetooth Speaker

## YTK-304

### Specifications:

- Bluetooth V3.0
- Bluetooth profile: HFP/HSP/A2DP/AVRCP
- Up to 10 meters in working distance (open space)
- Supports audio line-in for non-Bluetooth
- Supports audio line-out with 1 or more non-Bluetooth or Bluetooth devices.
- Supports caller ID reader when incoming call.
- Multipoint: Supports 2 phones connection
- Talk time: up to 8 hours.
- Music playback time: up to 2 hours when volume maximum (up to 5 hours when volume moderate at 1KHz audio signal)
- Product dimension: 68 X 58 mm
- Weight: 135g

## YTK-305

### Specifications:

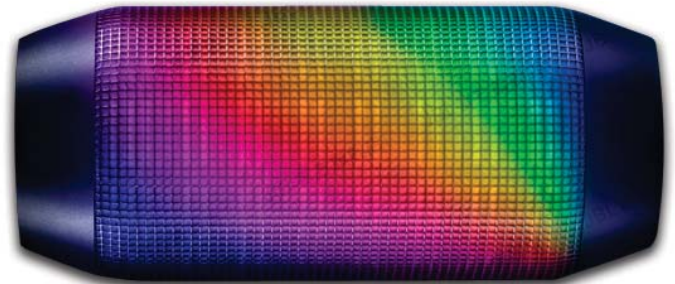

- Bluetooth V3.0
- Bluetooth profile: HFP/HSP/A2DP/AVRCP
- Up to 10 meters in working distance (open space)
- Supports audio line-in for non-Bluetooth
- Supports audio line-out with 1 or more non-Bluetooth or Bluetooth devices.
- Supports caller ID reader when incoming call.
- Multipoint: Supports 2 phones connection
- Radio frequency range: 87.0 to 108.0 MHz
- Talk time: up to 10 hours.
- Music playback time: up to 5 hours when volume maximum (up to 10 hours when volume moderate at 1KHz audio signal)
- Product dimension: 106 X 55 X 38 mm
- Weight: 150g

## YTK-306

### Specifications:

- Bluetooth V3.0
- Portable 4000mAh power bank
- Bluetooth profile: HFP/HSP/A2DP/AVRCP
- Up to 10 meters in working distance (open space)
- Waterproof : IPX4-certified to operate in wet conditions like rain or poolside or even bathroom when shower
- Supports audio line-in for non-Bluetooth
- Supports audio line-out with 1 or more non-Bluetooth or Bluetooth devices.
- Supports caller ID reader when incoming call.
- Radio frequency range: 87.0 to 108.0 MHz
- Talk time: up to 5 hours.
- Music playback time: up to 5 hours when volume maximum (up to 12 hours when volume moderate at 1KHz audio signal)
- Product dimension: 156 X 51mm
- Weight: 170g

## YTK-307

### Specifications:

- Bluetooth V3.0
- Bluetooth profile: HFP/HSP/A2DP/AVRCP
- Up to 10 meters in working distance (open space)
- Supports audio line-in for non-Bluetooth
- Supports audio line-out with 1 or more non-Bluetooth or Bluetooth devices.
- Supports caller ID reader when incoming call.
- Multipoint: Supports 2 phones connection
- Talk time: up to 10 hours.
- Music playback time: up to 5 hours when volume maximum (up to 10 hours when volume moderate at 1KHz audio signal)
- Product dimension: 180 X 80 mm
- Weight: 530g

# Professional Manufacture of Portable Bluetooth Speaker

## YTK-308

### Specifications:

- Bluetooth V3.0
- Bluetooth profile: HFP/HSP/A2DP/AVRCP
- Up to 10 meters in working distance (open space)
- Supports audio line-in for non-Bluetooth
- Supports audio line-out with 1 or more non-Bluetooth or Bluetooth devices.
- Supports caller ID reader when incoming call.
- Multipoint: Supports 2 phones connection
- Talk time: up to 5 hours.
- Music playback time: up to 2 hours when volume maximum (up to 7 hours when volume moderate at 1KHz audio signal)
- Product dimension: 60 X 55 mm
- Weight: 138g

## YTK-309

### Specifications:

- Bluetooth V3.0
- Bluetooth profile: HFP/HSP/A2DP/AVRCP
- Up to 10 meters in working distance (open space)
- Supports audio line-in for non-Bluetooth
- Supports audio line-out with 1 or more non-Bluetooth or Bluetooth devices.
- Supports caller ID reader when incoming call.
- Multipoint: Supports 2 phones connection
- Radio frequency range: 87.0 to 108.0 MHz
- Talk time: up to 10 hours.
- Music playback time: up to 5 hours when volume maximum (up to 10 hours when volume moderate at 1KHz audio signal)
- Product dimension: 145 X 45 mm
- Weight: 200g

## YTK-310

### Specifications:

- Bluetooth V3.0
- Portable 4000mAh power bank
- Bluetooth profile: HFP/HSP/A2DP/AVRCP
- Up to 10 meters in working distance (open space)
- Supports audio line-in for non-Bluetooth
- Supports audio line-out with 1 or more non-Bluetooth or Bluetooth devices.
- Supports caller ID reader when incoming call.
- Talk time: up to 5 hours.
- Music playback time: up to 3 hours when volume maximum (up to 8 hours when volume moderate at 1KHz audio signal)
- Product dimension: 60 X 60mm
- Weight: 240g

## YTK-311

### Specifications:

- Bluetooth V3.0
- Bluetooth profile: HFP/HSP/A2DP/AVRCP
- Up to 10 meters in working distance (open space)
- Supports audio line-in for non-Bluetooth
- Supports audio line-out with 1 or more non-Bluetooth or Bluetooth devices.
- Supports caller ID reader when incoming call.
- Multipoint: Supports 2 phones connection
- Talk time: up to 5 hours.
- Music playback time: up to 3 hours when volume maximum (up to 8 hours when volume moderate at 1KHz audio signal)
- Product dimension: 180 X 50 mm
- Weight: 80g
